

Accessory Aiming Chart
to be used with the Ghost Ball Trainer

Set it up so the "black" area is ABOUT where the golf tee would go

Now,, if it is not in perect alignment
just aim at the COLOR that IS in alignment

This aiming chart can also be set on the rail
to practice your bank shots

Set the "black" on the diamond. Adjust your aim as needed

If your aiming is not consistant,
you may need to straighten your STROKE!

Maybe you should visit You Tube
